

# **ERA WIRE, INC.**

**We give it to you straight**

---

March 26, 2018

SUBJECT: "Conflict Minerals"

Dear Valued Customer:

To comply with the "Conflict of Minerals", we have contacted each of our suppliers relating to the following mined minerals: **gold, tin, tantalum, and tungsten**, and all respondents have replied that the materials they supply to ERA Wire, Inc. do not originate from the Democratic Republic of Congo (DRC). These conflict minerals are referred to as "**3TG**".

We will continue to query our existing supplier base, as well as any new mills that we encounter, to assure that materials that are potentially in violation of this directive are excluded from our supply chain.

Best Regards,

Jocelyn Consiglio  
Administrative Assistant
